

Virginia Trucking Association

Buyers' Guide 2008

The following pages contain a Buyers' Guide of companies that supply products, equipment or services to the trucking industry in Virginia. More importantly, the VTA Buyers' Guide lists those companies that have committed to taking an active role in Virginia's trucking industry by becoming associate members of the Virginia Trucking Association.

We ask that each time you begin planning a purchase or need a service, you consult this guide and give these VTA Associate Members the opportunity to gain your business. These companies support your association and deserve your support as well. Also, if you purchase goods and/or services from a company not listed in this Buyers Guide, please encourage them to become a member of the VTA in support of Virginia's trucking industry.

(Note: The 2008 Buyers' Guide lists all VTA members in good standing as of August 12, 2008 that supply trucking-related products and services.)
