Are you saving the maximum amount of money possible on tolls? Chances are, you are not. If you are not a member of the BESTPASS program, you are probably paying too much for tolls and spending too much time at weigh stations. BESTPASS offers the highest possible discounts on the New York State Thruway (NYSTA), Pennsylvania Turnpike (PTC), and Maryland toll roads. We tailor a program to the specific needs of each customer. BESTPASS fusion transponders are essential to commercial vehicle operators who want to travel effortlessly through North America. BESTPASS helps you reduce fuel and operating costs and saves you time and money.

Fusion transponders are for toll and weigh station bypass. They would replace any E-Z Pass, I-Pass, I-Zoom, FASTLANE, TransExpress and PrePass or NORPASS transponders currently in your truck. Fusion transponders can be registered with PrePass **and** NORPASS **and** NC Pass weigh station bypassing services, along with E-Z Pass toll coverage. NORPASS is free and operates the same as Pre-Pass, only in different states. Pre-Pass has a monthly service fee of \$16.00; however, large fleets can sometimes negotiate fees directly with PrePass. NC Pass has an annual fee of \$56 per truck.

If you are currently using PrePass Plus System, you are being charged an additional E-Z Pass charge that sometimes can be as high as \$5.00 per transponder, per month. BESTPASS can eliminate that cost for you! The transfer from Pre-Pass and Pre-Pass Plus to BESTPASS will be as seamless as possible. Due to the fact that we cannot handle any of the PrePass administration, it is your responsibility to notify PrePass that you are transferring their service to BESTPASS.

Fusion transponders work on all E-Z Pass toll roads. The states that have E-Z Pass are Delaware, Illinois, Indiana, Maine, Maryland, New Hampshire, New Jersey, New York, Pennsylvania, Virginia and West Virginia. Ohio and Rhode Island are joining the E-Z Pass family in 2009! New York State Thruway, New Jersey Turnpike, Garden State Parkway, Pennsylvania Turnpike and Maryland toll roads offer volume discounts to carriers based on the amount of money they spend per month. We do this by "grouping" everyone; as a result, BESTPASS is able to provide carriers higher discounts that are unattainable to most by themselves.

BESTPASS has two types of accounts:

1. **New York Account** (lease transponders from BESTPASS)
E-Z Pass (toll only) transponders - \$0.50 each per month
Fusion Transponders - \$1.00 per month
No Monthly Maintenance Fee

Post Paid Account - A toll bond is required to cover three months of tolls (NY, NJ, PA)

Bond Cost \$231.25 for Toll Amounts: \$1,000 - \$10,000
\$18.56 for each additional \$1,000.00

2. **Maryland Account** (Transponders are yours to keep)
Fusion Transponder – one-time fee of \$40.00
E-Z Pass Transponder (Standard Windshield Mount) – one-time fee of \$21.00
Maintenance Fee - \$1.50 per month

Pre-Paid Account – This is a secondary account to be opened in conjunction with the New York account before using transponders in other E-Z Pass states. All tolls for E-Z Pass usage other than NYS Thruway and PA Turnpike will be deducted from this account. The minimum amount to open this account is \$100 per transponder.

In today's economy saving your time, your money, and your fuel are more important than ever, give us a call or visit us online at www.BESTPASS.com and start saving today!

Sincerely,
